

PREDICTABLE IS PREVENTABLE®

Join our growing team as a *Sr. Product Manager – Platform User Experience!*

The Sr. Product Manager, Platform User Experience will be responsible for enhancing the value of Lexipol's products to improve our customers' user experience through refining existing software features, developing new system capabilities and integrating with third-party solutions to exceed growth expectations for the business. The incumbent will research market and customer needs, develop a product roadmap to address those needs and drive the execution of development projects to deliver a winning solution.

KEY RESPONSIBILITIES:

- ★ Conduct customer research to develop a keen understanding of their range of capabilities and desired user experience and document market research and product requirements
- ★ Develop and present financial analyses to justify product development investment
- ★ Develop and maintain the product roadmap for the delivery platform
- ★ Evolve pricing of our offering to a strategic, market-based pricing model
- ★ Manage the allocation of software development resources to projects that maximize growth
- ★ Understand the competitive landscape
- ★ Understand broader customer needs as they relate to systems currently used for policy management, document management, staff communications and training
- ★ Work with external third parties to assess and implement partnering and integration opportunities

QUALIFICATIONS:

- ★ Minimum 5 years' experience in a product management role in a SaaS-based product development environment
- ★ Demonstrated ability in defining and launching products proven to be market successes
- ★ Technical ability to quickly grasp the functionality of the current platform and apply available technologies to enhance its functionality in the future
- ★ Proven ability to lead and influence cross-functional teams without formal authority

EDUCATION AND EXPERIENCE:

- ★ Bachelor's Degree in business or technical field or commensurate work experience.
- ★ MBA preferred
- ★ Experience in a structured, customer-centric product development organization

COMPENSATION AND BENEFITS:

Lexipol offers competitive salary and annual bonus, comprehensive benefits including 401(k) with Company match.

For consideration, please email your resume, cover letter with salary expectations to hr@lexipol.com
