

A close-up, low-angle shot of the front of a white EMS ambulance with red and yellow emergency lights on top. The ambulance is parked on a road, and the background is a clear blue sky. The Star of Life logo is visible on the front of the vehicle.

IMPROVE SAFETY & EFFECTIVENESS WITH TRAINING YOU CAN TRUST

Is Your Department Meeting Training Mandates?

As an EMS leader, you have the responsibility to properly train your personnel and ensure your agency can demonstrate compliance. Without an effective system in place, your personnel could face challenges they're unprepared to meet, and your agency could face "failure to train" liability.

Improve the safety and effectiveness of your agency and personnel with EMS1 Academy, an online training solution from Lexipol.

Enhance Your Training And Reduce Risk With EMS1 Academy

Our total training solution includes:

- 24/7 access to online learning, allowing your personnel to train when it's convenient
- More than 500 EMS courses and videos totaling over 440 continuing education hours
- Reports to help you monitor and track training completion, compliance and credential renewal
- Courses accredited by CAPCE and recognized by the National Registry
- 360-degree support tailored for your department's goals and needs

KEY FEATURES

Manage and track credential renewal by level, state and category requirement

Meet training mandates by tracking every activity completed for credit

Upload and build your own content, including tests and quizzes to assign to personnel

Create and reuse learning plans for situations such as onboarding and annual EMT recertification

Solve Your Training Challenges With EMS1 Academy

Meet Annual Training Mandates

Select and assign the courses your personnel need and track progress so there's no scrambling as recertification and compliance dates approach

Improve EMS Provider Learning

Incorporate online learning with your hands-on training to increase knowledge retention and EMT/Paramedic competence

Decrease Agency Liability

Use visual analytics dashboards that include course and policy status, as well as active and past-due assignments, to reduce risk associated with noncompliance

Maximize Training Resources

Use online courses to save on overtime and travel costs and to prepare your personnel for in-person training, allowing for more hands-on time

Develop Future Leaders

Use Learning Plans to create promotional tracks and capitalize on leadership development courses

Simplify Training Administration

Centralize training documentation with the capability to schedule online training and track and document offline training

Courses For Every Training Need

EMS1 Academy includes an extensive library of online EMS continuing education that can be delivered during in-service or field training or in a self-paced format. Topics include:

- Airway Management
- Trauma
- Cardiac Care
- Health Care Provider CPR*
- Capnography
- Patient Handling
- EMT Interactive*
- Pediatric Care
- Mass-Casualty Incidents
- Health & Wellness
- Paramedic Interactive*
- EMS Operations & Management

*These courses are available for an additional cost.

Trusted by Hundreds of Agencies Across the Country

"This has been an enormous time saver for me and great training for the crews at Kennedy Space Center/ Cape Canaveral Air Force Station Fire/Rescue."

Larry Davis, Paramedic/EMS Battalion Chief
Kennedy Space Center, Cape Canaveral, FL

"We have 84 squads under our medical direction, and we use [EMS1 Academy] to deliver the same consistent training message across our health system and to review and test our protocols. We also have enrolled in the fire programs... to help fulfill the need for fire training for the fire chiefs under our medical direction."

Dan Ellenberger, EMS Director
University Hospital, Cleveland, OH
