

ENHANCE SAFETY & ACCOUNTABILITY WITH PROVEN POLICIES

Are Your Policies Putting You at Risk?

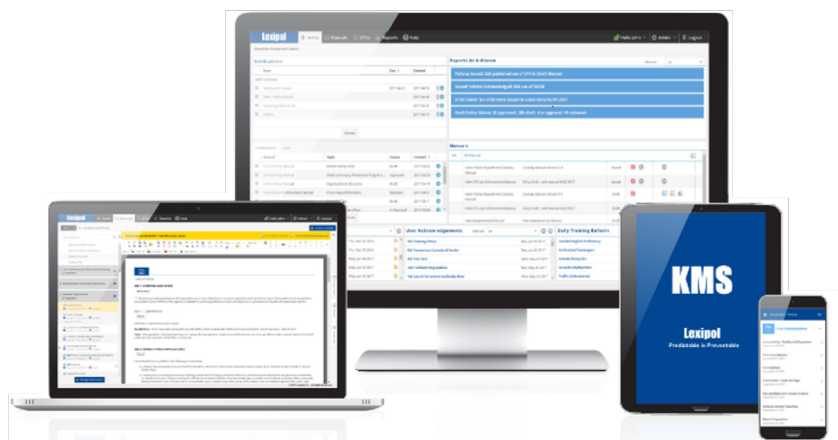

Fire service leaders face the simultaneous challenges of protecting the community and protecting their personnel—while also striving to improve efficiency and operational excellence.

Comprehensive, up-to-date policies build a foundation for meeting these challenges. But many fire departments operate with inconsistent, out-of-date or incomplete policies. That can increase your department's chances of experiencing an adverse event—and the potential for significant legal liability.

"Lexipol serves three purposes: One, it protects citizens by giving us vetted guidelines to follow. Two, it protects firefighters because in court, they can show that they follow guidelines. And three, as long as we follow the policies, it protects the city's assets."

Chief Bob Watson
Borger (TX) Fire Department

"When my firefighters ask, 'Who wrote this?' I can say it's not some lawyer who's just trying to make a buck and doesn't care about you. [Lexipol co-founder] Gordon Graham and [Lexipol consultant] Billy Goldfeder are vested in the fire service, in risk management. As soon as the members know this is coming from them, they buy in."

Chief Jeffrey Pilz
